First time in New York City

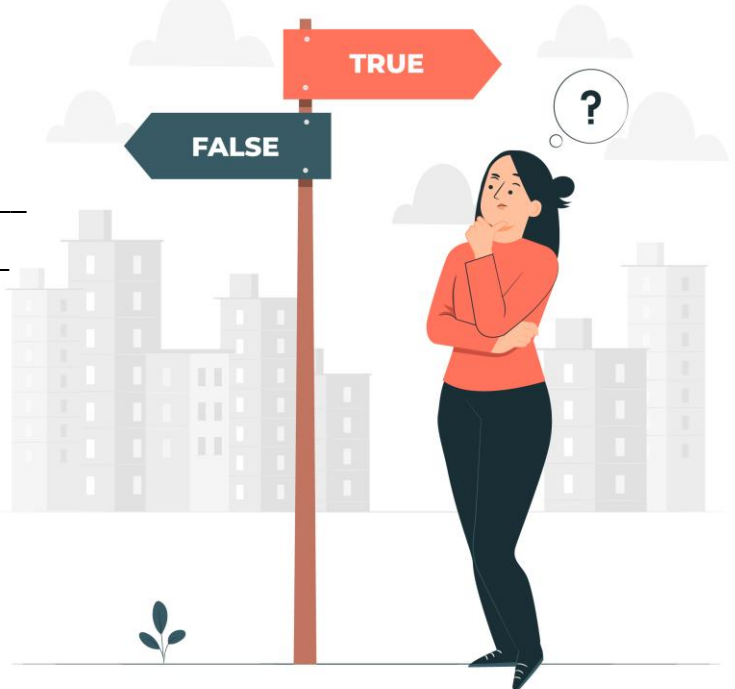

Hi guys. My name is Stephan and I am from Germany. We really love travelling to different countries where we can see new places and meet new people. My family and I travel to the beach every summer. Last summer we decided to travel to a big city called New York City. My mom bought a map. But my father didn't agree so we went to New York without this map. After walking around all these busy streets for two hours, dad finally realized that we were lost. My mom was furious and my dad was

scared. So my mom ran into one of the stores and came out with a city map. It took her about two minutes to decide where to go. Our adventurous holiday could finally start without any doubts. We visited all famous places, The Statue of Liberty, The Empire State Building, Time Square, Central Park and other places which were very interesting. We did some shopping because my mom loves it. New York is exciting and a wonderful place visited by lots of tourists. I can recommend it to all of you.
